

Gulf Coast Runners would like to accommodate as many participants as possible, but due to recent safety concerns, our policy regarding wheeled devices (such as strollers, roller blades, scooters etc.) are as follows:

At select Gulf Coast Runners races, wheeled devices will be allowed, but these participants will have to start in the back being mindful of other participants.

At other Gulf Coast Runners races, wheeled devices such as strollers, roller blades, scooters, etc. will not be allowed.

This does not include wheelchair participants, those with a wheelchair will continue to be allowed to participate in all GCR events

It is the responsibility of the participant to check the gcrunner.org race page and/or the Runsignup registration page to find out if the race allows wheeled devices.

Gulf Coast Runners will not provide a refund if a participant fitting these criteria is denied to race at a prohibited event.

Races where wheeled devices are allowed:

John Clay

4th of July

Thanksgiving

Tropicool

St Patrick's fun Run

Memorial Day
